

### Day 1

We shall depart from Center of Israel to the big Crater - around 1 hour and a half drive. On the way we can stop for a short Camel drive (optional).

We shall arrive to a magnificent observation point from which we can see the beauty of the Crater and hear the story of its creation.

We shall enjoy a coffee and cakes in this place and proceed via an unexplored road to the Arava. On the way we shall pass some phosphates factories and hear about their mining process.

We shall stop on the way in a special and amazing observation point of the desert and the mount of Zin. From there we shall visit the place where more than 2000 crocodiles live their life in the Arava .

After a short break we shall ride on off road vehicles or ATVs in the Savannah. We shall explore exotic and unique places including rocky hills, rivers, cliffs and special observation points until we reach for the sunset a hidden place in which we shall view the unforgettable sunset in the desert with a glass of wine in

our hand!

We shall Proceed to the lodge and check in A rich dinner will be served. In the night we shall experience a unique stars observation in the desert.

### Day 2

After breakfast we shall visit the special museum in the Arava for Agriculture . We shall hear the story how the local farmers were able to conquer the desert , the water irrigation processes and the way they grow and export the vegetables and flowers to other countries .

We proceed by special Tom cars to see unique locations in the Arava where the beauty and wildness of the nature combines with human skills to make it a special harmony .

We shall visit a local brewery n the Arava in which we can taste the local bear and have some appetizers for late lunch .

We shall proceed north and see some remarkable observation points of the dead sea and end up with a rich dinner in one of the unknown hills overlooking the dead sea.
